

LYRICS

Whoa. Well I know I gotta
Go. But I only wanna
Stay by your side
'Cause you are my, you are my
Alibi

Whoa. Well I know I gotta
Go. But I only wanna
Stay by your side
'Cause you are my, you are my
Alibi

There's somewhere I'm supposed to be
I know that they're expecting me
So I need an excuse
'Cause I'm not leaving you
Give me something they'll believe

Here's my secret
And I know you'll keep it
If we just commit the crime
Then you and I can do the time

Whoa. Well I know I gotta
Go. But I only wanna
Stay by your side
'Cause you are my, you are my
Alibi

Whoa. Well I know I gotta
Go. But I only wanna
Stay by your side
'Cause you are my, you are my
Alibi

Well I could say I missed the train
There ain't a cab in all this rain
I got stuck in traffic
I know that sounds so classic
But it's the truth, oh what a shame

So there's my secret
And I know you'll keep it, baby
If we just commit the crime
Then you and I can do the time
